Slight mishap: this is the correct mail!

Sorry for the inconvenience, our first email out was a draft version with a little nudity that we did not mean to be included. We won't be including any nudity in our newsletter.

It also featured the wrong style in the 4th slot of the poll

The Rosily story continues

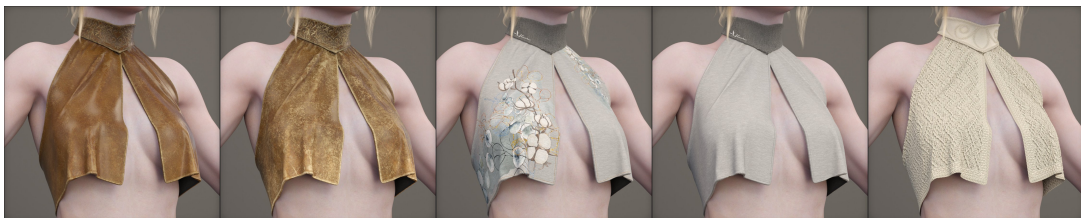

Rosily Vest is just the beginning.

We plan to expand on this theme by offering style add-ons as well as a matching bottom piece and some accessories along the way; creating a full fledged product over time.

Keep opening our newsletters as they will include the new freebies links.

The next freebies will be exclusively available to Newsletter recipients for three months. After three months they will be made available to anyone through our website freebies page.

At any time someone subscribes they will gain access to the exclusive freebies through the next Newsletter they receive.

The included styles

Rosily includes some lovely base styles: leather and worn-out leather, plain cotton and cotton with decorations and Crochet.

It can easily be mixed and matched with your existing Aeon Soul wardrobe and can fit fantasy and contemporary settings alike.

Choose the next style for Rosily

Our next newsletter will include two additional free texture styles for Rosily, inspired by two of our existing products. Imagine how you'd like to mix Rosily with your other Aeon Soul pieces and pick your favourite!

Report any issue!

We create Rosily Vest just as we do any store product and it's been thoroughly tested. However one can still miss a detail.

If you run into any issues or bug, please report them so we can solve them as soon as possible: [mail us!](#)

Both Google Drive and Dropbox links **do not** require logging in, if they ask you to, simply scroll past to the actual download link at the bottom of the page.
